

# Living on Campus

## Mission of the Office of Residence Life

The Office of Residence Life strives to provide and sustain a safe, comfortable, secure and nurturing living-learning environment for students that is conducive to their personal growth, supports their academic pursuits and fosters a sense of community and civic responsibility and cultivates an appreciation of diversity.

The Office of Residence Life is responsible for the overall management, administration and program development of all University residential facilities with a capacity for approximately 1,000 residents on the Metropolitan Campus and 1,500 residents on the Florham Campus. Living in the residence halls affords and encourages each resident the opportunity to participate in the shaping of their community. This is accomplished through the following goals of the Office of Residence Life:

1. To provide quality residential programs and services.
2. In partnership with all residents, to create a safe, secure and comfortable living environment that promotes inclusiveness.
3. To create a nurturing environment in the residence halls that is conducive to and supports academic achievement and intellectual stimulation.
4. To create strong and supportive residential communities in the halls.
5. To encourage residents to individually and collectively help shape their environment and take mutual responsibility for their environment.
6. To promote diversity awareness, appreciation and interaction.
7. To enhance student development by offering activities, experiences and opportunities congruent with the educational mission of the University and students' educational aspirations.
8. To support programs, services, activities and interventions that foster dialogue and interactions among students and their peers, staff and faculty; thus, providing residents with an educational advantage.
9. To inform residents of the policies, procedures and regulations required for successful group living.
10. To emphasize personal responsibility and accountability.

## Residence Life Staff

The Office of Residence Life employs paraprofessional and full-time professional staff members. Professional staff mem-

bers are responsible for facilities management, programming, discipline, conflict resolution, crisis intervention and overall coordination of a comprehensive housing and residence-life program. All professional and paraprofessional staff members live on or contiguous to the campus for accessibility and responsiveness.

## Resident Assistants (RAs)

Each residence hall is staffed by full-time undergraduate or graduate resident assistants (RAs) who live in the halls to work with and serve the residents. These student leaders receive significant training in advising, peer counseling, emergency and administrative procedures, mediation, community development, campus and community resources, communication skills, programming and assisting with the enforcement of University and residence hall regulations. Each residence hall has RAs on duty each evening. It is important that you get to know your RAs and the other RAs in your area and foster a positive relationship with them.

Failure to comply with directives stated by your resident assistant while acting in an official capacity may result in disciplinary actions.

## The Residence Halls

Our residence halls are more than just buildings; they are living-and-learning centers. Below are descriptions of residence halls at each campus, each with its own distinct characteristics.

### Florham Campus

**Twombly Halls:** Florence Twombly and Hamilton Twombly Halls are traditional-style residence halls with double bedrooms opening onto a central hallway that has a common hall bathroom facility. Each building accommodates approximately 220 freshman residents. There are single-sex floors as well as floors that are coed by wing.

**The Village Area:** The Village offers suite-style accommodations for approximately 450 residents in nine small residence halls. While the majority of the buildings house upperclassmen, each year one or more of the halls are designated for freshmen. Most suites contain three double bedrooms, a bathroom and either a common living room or a single bedroom. Suites that include a single room do not have a common living room. The Village residence halls are coed by suite and are climate controlled. Laundry and kitchen facilities are provided on the lower level of each residence hall.

**Park Avenue:** Park Avenue has 73 furnished apartments, each housing four residents. Apartments have a kitchen with an apartment-size stove and refrigerator, along with a fur-

nished living room and two double bedrooms. Each bedroom has its own bathroom. Apartments are climate controlled. Laundry and trash facilities are located on each floor near the elevators. The building also has a 24-hour quiet area. Lounges and common rooms are available throughout the building. The building has been designated for upperclassmen who have earned 38 or more credits by the end of the previous fall semester.

**Rutherford Hall:** Named after the University's first campus, this 293-bed residence hall opened in September 2003. Rutherford Hall houses upperclassmen in double bedrooms with a private bath. All rooms are climate controlled. Laundry, vending and trash facilities are located near the elevator on each floor. All floors have a common lounge, and there is one central kitchen area in the building for student use.

## Metropolitan Campus

There are three residence hall areas on the Metropolitan Campus, each with its own distinct characteristics.

**University Court:** University Court is composed of 10 separate, townhouse-style buildings. Each building contains one to three sections per building, same-gender sections, two floors, one to two bathrooms per floor, mostly double rooms with some single- and triple-occupancy rooms. There are one to two resident assistants per building. University Court is open to upperclass and graduate students. First-year students admitted to one of our Special Living Options (L.I.F.E. [Living in a Free Environment] House, Global Scholars Hall or Honors House) may reside in this area in designated buildings that may include building sections with same-gender floors.

**The Lindens:** The Lindens are composed of eight buildings with three coed floors of same-gender suites each consisting of three double-occupancy rooms housing 58–64 residents per building. Each suite common area has a shared bathroom. There are two resident assistants per building. All new freshmen reside in the Lindens with the exception of L.I.F.E. House residents, global scholars and honors scholars. Specific Linden buildings may be designated for upperclassmen and graduate students only. **Academic year-round housing (August to May), when available, is provided in Linden 6 on a first-come, first-served basis.** Building entry doors are staffed with a 24-hour hall security assistant when classes are in session. New freshmen cannot request a single room.

**Northpointe** is a traditional, corridor-style residence hall comprised of four co-ed floors housing approximately 300 residents in same-gender, double-occupancy rooms. Each bedroom has a private bathroom. A common lounge, laundry room, and vending machines are located on each floor. There are two resident assistants per floor. A kitchenette is available on the third floor. ADA compliant rooms are available. The Northpointe main entry door is staffed with a 24-hour hall security assistant when classes are in session.

**All residence hall rooms have cable television plus wired and wireless internet.**

## Living in the Halls

### Eligibility

Undergraduate students who are registered for the minimum of 12 credits are eligible to live on campus. Graduate students must be registered for a minimum of 9 credits to live on cam-

pus. Second-semester seniors or graduate students who register for the number of credits necessary for graduation, even though it may be less than the required credits, will be permitted to remain on campus.

**A student must have/maintain a minimum of a 2.00 grade point ratio (GPR) to reside in the housing at Florham Campus.** There is no GPR requirement to reside in Metropolitan Campus housing.

## Applying for Housing

### Metropolitan Campus

**Students pursuing an AA degree (two-year program) do not qualify to apply for housing.**

#### For All First-Year and New Students

New students to Fairleigh Dickinson University receive housing information upon their admission to the University with their Admissions Acceptance Package from the Office of Admissions (Undergraduate Admissions, Graduate Admissions, or International Admissions). ## What are Priority Points?

The priority point system is a value-based system that is designed to reward those students who consistently meet high academic standards, participate in campus life and its programs and have an excellent disciplinary history. Students may earn priority points by maintaining a high grade point ratio, joining campus clubs and organizations, participating in residence hall activities, and adhering to the Student Code of Conduct. Through this program, students can earn an opportunity to live where and with whom they desire while at Fairleigh Dickinson University because the student's priority points total helps determine how early in the room-selection timeline they may select a room and whether or not they are able to self-select their roommate(s). Below is a complete outline and explanation of the priority point system.

### I. Grades

The Office Campus Life will simply take each student's cumulative grade point ratio (GPR) as of the time of point calculation, usually on or about March 1 annually. Students attempting to have grades changed need to know that grade changes cannot be considered unless they are completed by the calculation date.

The higher the student's cumulative grade point ratio, the more priority points they earn.

Cumulative GPR	Points
3.85–4.00	15
3.70–3.84	14
3.55–3.69	13
3.40–3.54	12
3.25–3.39	11
3.05–3.24	10
2.90–3.04	9
2.75–2.89	8
2.60–2.74	7
2.45–2.59	6
2.30–2.44	5
2.15–2.29	4
2.00–2.14	3
1.85–1.99	2
1.70–1.84	1
Less than 1.70	0

Freshmen who have a 1.99 or lower GPR will have the opportunity to submit a mid-semester progress report from their adviser to earn an extra point in this category. These requests will be considered only after consultation with the students' adviser.

Spring-term transfer students may submit a transcript from their prior institution.

## II. Judicial/Discipline Status

Judicial status is based on the student's current disciplinary record as of the time Points are being calculated. It is the student's responsibility to know and understand the policies and procedures of the Office of Campus Life and of the University. Behavior consistent with those of policies and procedures will result in good judicial standing and, in turn, the ability to earn credit toward more priority points.

Current Sanction Level	Points
No disciplinary record	10
Disciplinary reprimand	9
More than 1 disciplinary reprimand	8
Campus probation for 1 semester	6
Campus probation for 1 academic year	4
Campus probation for more than 1 academic year	1
University or Residence Life suspension	0
University or Residence Life expulsion	0

Students who have any questions about their disciplinary status are encouraged to meet with the community standards coordinator prior to submitting their housing application for room selection. Current disciplinary sanction that is final by the date the housing room-selection process begins will affect the priority point totals in this category.

### III. Residence Hall Citizenship

Residence Hall Citizenship has a role on the floor and building in which students live. Every resident has a responsibility to the residence hall community, and those who are most involved in fulfilling that responsibility will benefit the most. Not only will those students enjoy the residence halls more, they will be rewarded with more Priority Points in the category.

Residence Hall Citizenship points reflect attendance at residence hall programs and activities (in their entirety), including floor meetings, assisting with planning and coordination of floor or hall activities, as well as any other sustained participation in the residence hall community. Based on their level of citizenship throughout the academic year, students can be awarded up to 5 priority points in this category.

Activity Level	Points
Residence Hall Program Attendance (based on number of residence life programs attended)	1–5

#### Some points to consider about Residence Hall Involvement:

##### What is active and regular involvement?

This is defined as participation on a weekly basis. That participation may be attending hall meetings, going to a program, helping a resident assistant with a bulletin board, organizing your fellow residents to go to a movie, volunteering for a service project or more.

##### How will this be measured?

Attendance will be recorded during residence hall programs and activities, including but not limited to hall socials, hall service projects, floor meeting, etc. Points will be awarded based on the average number of programs attended by residents of each hall. In other words, the more programs students attend, the more credits they will earn toward priority points.

### What if a student isn't able to attend many programs?

Students can be involved in various ways outside of program attendance. Those students who help their RA in creating and preparing for programs or who are actively involved in Hall Council and students who take part in their community-building process can also earn credit toward priority points in this category.

#### IV. Campus Involvement

Active participation in a University club, Greek letter organization, honor society, varsity or intramural team, campus volunteer experience, and a campus job as well as regular attendance at Devils' on-campus athletic events will enable students to earn Priority Points in this category. The maximum number of points awarded in this category is 10 and participation in the activities must be continuous throughout the academic year.

**Clubs/ Organizations:** *These activities are highly regarded based on our acknowledgment of the direct impact clubs and organizations have on the student development closely related to the mission of the University of Global Leaders and volunteerism.*

Executive Board Position	up to 5 points
High Involvement	up to 4 points
Average Involvement	up to 3 points
Low Involvement	up to 2 points

All students are highly encouraged to be certain that Executive Board members comply with the submission deadline for Campus Involvement rosters set by the Office of Campus Life. Any club or organization which fails to submit correct documentation on time will not have its membership counted towards priority points. No exceptions will be made.

**How will involvement be measured?** The Office of Campus Life will work with the clubs and organizations to verify student involvement. **It is the student's responsibility to be sure that clubs or organizations they are part of keep track of your involvement and submit the information on time to our office.**

**Athletes:** Students who are active members of a Division III athletic team at Florham Campus will receive 5 points.

**Performing Arts:** Students who are participating, either as actors or crew, in a Florham Campus theatrical production will receive 5 points.

**Intramurals\*:** *These points are awarded to students who participate in sports activities as recognition of their involvement in University sponsored activities, and their contribution to building a strong campus community.*

Team Captain or participation in at least 80 percent of scheduled games	2 points
Participation in less than 80 percent of scheduled games	1 point

**University Programs and Lectures:** Attending University-sponsored lectures and programs held on-campus can earn up to 2 Priority Points.

\*Applies only to teams actively participating as of March 1 of each academic year.

**Athletic event Attendance\*:** *Showing support to our varsity Devils and attending athletic events held on-campus can earn up to 2 Priority Points.*

**Student Employment\*\*:** *These Points are awarded as a recognition of the student's commitment to the campus community by working on campus rather than an off campus site; while considering their time commitment is compensated monetarily.*

Employment Fall and Spring Semesters	2 points
One Semester Only	1 point

**So what do I need to do to earn 10 points?** Most students will earn 6-8 points in this category. Students who are involved in and actively participate in many activities will be the highest point earners. Some students will not be as involved, participating in perhaps a few activities each month. Those students will earn a lower number of points according to the information above. Involvement in any on-campus clubs, organizations, or intramurals; **participation in multiple clubs, activities, intramural teams, etc., will help students earn higher point totals.**

**Priority Points totals will be provided to each student as they submit a housing application during the housing application drop off period in March.**

#### WROXTON and STUDY ABROAD STUDENTS

Students attending Wroxton and/or study abroad will receive 6 points for campus involvement and 3 points for residence hall involvement.

#### CLASS STANDING POINTS

All students who qualify for room selection will also be assigned additional points based on their class standing. Class standing is determined by the amount of completed credits a student has. The points will be assigned as follow:

1st Year Students	1 point
Sophomores	2 points
Juniors	3 points
Seniors/Grad Students	4 points

### Alcohol Policy for Residence Halls

## Cable Television

There is a cable outlet provided in each residence hall room and/or suite. This is provided as part of the room rate and is active immediately upon arrival. Students do not need to request that the service be activated or deactivated. To access the system, students must provide their own cable-ready televisions and a coaxial cable of sufficient length.

## Computer Access

The University provides each residence hall room with data ports for access to the local area network (LAN) for each occupant. This provides access to the Internet and University network resources from the residence halls.

In order to connect from a residence hall, a student's computer must have a working and properly configured Ethernet adapter (Ethernet network interface card) and meet the minimum system requirements before they can connect to the FDU network.

As a predominantly Windows operation, FDU provides limited technical support for Macintosh computers. FDU does provide MAC users with Antivirus for Macintosh upon request. Requests can be made through the FDU Technical Assistance Center (UTAC). FDU does not have the technical resources to support non-Windows or non-MAC computing platforms such as Unix, Linux, etc., or beta software.

**All residence halls are Wi-Fi equipped.**

## Cooking

Cooking in the residence halls is limited to the kitchens in the Park Avenue apartments, Village 7, 8 and 9 (Florham Campus), Linden 6 and University Court 4, 6 and 10 (Metropolitan Campus) and the designated kitchen areas in the remaining halls. Only apartment residents are permitted appliances for food preparation in their kitchens. Due to fire safety and sanitary standards, all other residents are not permitted to have appliances used for preparing food and/or appliances that contain a heating element in their residence hall rooms or suites. Coffeemakers are allowed in rooms. Students may have one microwave oven per room (**Florham Campus ONLY**). Microwave ovens can be no larger than .8 cubic feet. Personal microwaves are not permitted on the Metropolitan Campus unless it is a University-owned microwave or a microfridge rented from the University-approved vendor. Unauthorized appliances will be subject to confiscation.

## Room Condition Report

The Room Condition Report (RCR) is the official document used by the Office of Residence Life to identify and track damages in each residence hall room.

**Prior to residents moving into their room**, a thorough inspection of each resident's room is conducted by a staff member of the Office of Residence Life and all damages or needed repairs are noted on the RCR in the check-in section. Resi-

dents are not held responsible for damages or needed repairs listed in the check-in section of the RCR

**Upon checking into the residence halls**, all residents will receive a copy of the RCR. Residents have the opportunity to conduct their own room inspection and report any discrepancies to their resident assistant within 48 hours of checking into their room. Any damages or missing items not listed on the original RCR must be noted at this time to prevent a charge for these at check-out time. If a resident does not report any discrepancies on his/her copy of the RCR and submit these to his/her RA by the deadline, he/she is indicating that the room is in the condition listed on the RCR at the time of check-in. If a resident reports any discrepancies on the RCR to his/her RA, the RA will revisit the room to review the new information and consider any changes that may need to be made to the official RCR.

**Upon departing from the residence halls**, all residents are required to schedule a check-out inspection with their RA. Any new damages or needed repairs of the resident's room will be listed in the check-out section of the RCR. Common-area (suites, floors, and buildings) damages are determined once all residents have vacated the building.

**Check-out Inspections** — All residents are required to schedule an appointment, by the date established by the Office of Residence Life, prior to moving out of the residence halls with their resident assistant to jointly complete a check-out inspection of their room. If a resident is moving out of a room during the course of the semester, the appointment must be made with the RA at least 48 hours before the desired check-out inspection day and time. A check-out inspection is not required for any break periods (Thanksgiving, winter and spring).

## Damage Policy

1. Occupants of a room will be held responsible for the condition of the room, room furnishings and for any damages or losses to the room or furnishings, whether caused by the occupants or others.
2. Individuals identified as responsible for damage, theft or losses in common areas of the building (such as corridors, elevators, stairwells, lobbies, bathrooms, suite areas, laundry rooms and lounges) will be billed for the cost of repair or replacement. Residents will be held collectively responsible for damages, theft or losses in common areas of the building that may occur during occupancy when the individual(s) responsible cannot be identified. The charges will be assessed equally to the student accounts of all occupants of the appropriate suite, floor or building.
3. Once all damage billing has been processed by the Office of Residence Life, residents will receive a damage billing letter to the postal address they have on file with the University indicating the total charges of their damage billing responsibility.
4. Students who are continuous offenders and/or who accumulate large amounts of damage charges or fines may be suspended and/or removed from the residence halls.

## Damage Billing Appeals

1. Students have the responsibility to sign the Room Condition Report completed by the resident assistant upon checking in and checking out of the residence halls. **A student who chooses not to or who fails to sign this form on either occasion will be held accountable for all damages as inventoried by the resident assistant. There will be no appeal mechanism for these students.**

2. Damage Billing Appeals will be considered, in writing only, if received by the deadline established by the Office of Residence Life in the damage billing letter.

3. Decisions regarding damage billing appeals will be rendered in writing. **This decision will be final.**

## FDU Alert

FDU Alert provides important notification and information during certain emergencies. All students must register their contact information with FDU Alert. Students also have the option to provide additional mobile and email contact information to include parents, guardians and others when FDU Alert is activated in the event of a campus emergency. For more information or to sign up or update your contact information, visit [www.fdu.edu/alert/](http://www.fdu.edu/alert/).

## Facilities/Maintenance

Any malfunction of building equipment, maintenance needs, problems or questions regarding a student room or hall should be reported to the department of facilities by calling 201-692-2001 at the Metropolitan Campus and 973-443-8926 at the Florham Campus. Students should be as specific as possible when describing the nature of the problem. Residents should not attempt to make repairs themselves.

During non-business hours (from 5 p.m. to 9 a.m. the following morning), facilities emergencies should be reported to the department of public safety at 201-692-2222 at the Metropolitan Campus and 973-443-8888 at the Florham Campus.

The cleaning crew maintains the common areas of each residence hall building. Residents are responsible for the upkeep of their personal residence hall rooms.

## Furnishings and Appliances

Students are responsible for the furniture provided for them. Furniture may not be removed from any room, suite or common area. Students are charged for the replacement of any furniture that is removed or damaged. Residents are not permitted to bring additional furniture into the residence halls not authorized by the Office of Residence Life or the Department of Facilities. Unauthorized furniture will be confiscated, becomes a property of the University and will result in a judicial hearing in the Office of Residence Life. The University will charge students for removal of any non-University furniture that is left in a room, suite or common area at the end of the year.

In residence halls with kitchens, a refrigerator, stove, dining table and chairs are provided. Students assigned to these buildings must provide their own cooking utensils, dishes, silverware and cleaning supplies. Throughout the year, any damage to furniture in the residence halls should be promptly

reported to the Office of Residence Life at (201) 692-2250 on the Metropolitan Campus or to Housing on the Florham Campus at (973) 443-8586. Residents should not attempt to make repairs themselves. At the end of the contract period, any vandalized or stolen furniture will be charged to the occupants of the respective room, suite, floor or building. If the party responsible for any vandalized or stolen furniture is identified, that party will be charged accordingly.

Mattresses are to be used on bed frames provided and not on the floor. All beds must be freestanding on the floor supported by legs and attached to the bed frame. Furniture in common areas is for the use of students of the designated floors and cannot be moved from the common area. Any student who misappropriates common-area furniture will be required to return it and may be sanctioned. If common-area furniture is found in a student's room or suite, the occupants of the room/suite will be charged accordingly.

## Fire and Safety Regulations

- Tampering with, modifying or disconnecting any fire equipment, including fire alarms, fire extinguishers, smoke/ heat detectors, sprinklers or emergency lighting is prohibited.

- Students and their visitors are required to immediately evacuate any campus building when an alarm sounds or when instructed to do so by a University staff member. Once outside, students should assemble at least 50 feet away from the building. Students may not re-enter any part of the building until authorization has been given by public safety or the fire department.

- Practices/items considered to be a fire hazard or a danger to the University community will not be permitted. The following are not permitted in the residence halls:

1. Firearms;
2. Fireworks or explosives;
3. Hazardous or flammable chemicals or solvents;
4. Ammunition;
5. Weapons including, but not limited to, bows and arrows, illegal knives as defined by New Jersey law, BB guns, air guns, slingshots, chukka sticks, Chinese stars, blackjacks or other dangerous instruments;
6. Candles, punks, incense sticks, incense, Glade® Plugins® (Florham Campus ONLY) and potpourri burners; and
7. Halogen lamps.

- These items may be confiscated by the Office of Residence Life. All items confiscated will become property of the University and will be discarded or, when possible, donated to a local charity. Items will not be returned to residents.

- Fire regulations prohibit the placement or suspension of flammable materials either from ceilings, furniture, sprinkler heads or light fixtures or in a manner that could block the egress from a room, suite, apartment, corridor or building. In addition, flammable materials may not be stored under any stairwell. Holiday trees or other live items such as sprays of green, wreaths, etc., and Hanukkah candles are not permitted in the residence halls.

- In accordance with local fire codes, non-surge protected extension cords of any type and multi-plug adapters are prohib-

ited in the residence halls. Only UL-approved, grounded, surge-protected, multiple-outlet strips are permitted in residence hall rooms.

## Guest and Visitation Policy

**Note: Only FDU faculty, staff, administrators and students authorized by the Office of Residence Life are permitted in the residence halls. All others will be considered trespassing.**

The residence hall policies and procedures related to all guests of the residence halls exist to allow residents to have guests in a manner that does not infringe upon the comfort or rights of other residents and maintains an appropriate level of safety and security in the residence halls.

A roommate must not be deprived of the right to privacy, study time or sleep because of a guest. Thus, all students wishing to entertain an overnight guest must have the advance approval of their roommate(s) and/or suitemate(s). Asking permission for guests each time they visit must always be extended to those sharing a room and/or suite. If a roommate feels her/his right to free access of the room is being violated, she/he should contact the appropriate residence life staff member as in any other roommate conflict situations.

## Florham Campus Guest and Visitation

Resident students have the privilege of hosting guest(s) in the residence halls providing that it does not infringe on the comfort and rights of others and the following procedures are

followed. **A guest is defined as any person who is not a current resident student.** FDU commuter students are considered guests in University residence halls. The resident registering the guest is considered the host. Anyone staying in the room past 1 a.m. is considered an overnight guest. Overnight guests are permitted only with the prior permission of the host's roommate(s). Loiterers and unregistered vendors are not permitted and will be required to leave the campus.

1. Guests and/or visitors to the residence halls must be escorted by a current resident student at all times. Guests may be registered on a 24-hour basis with the department of public safety.

3. Guests are required to carry their guest card and must be accompanied by their host at all times. Guests must immediately present their pass to any residence hall staff member or University official upon request.
4. Guests are to be advised of University policies by their hosts. Hosts will be held responsible for the actions of their guests. - ## Hall Security
- ### Metropolitan Campus
- The Hall Security Assistant (HSA) program was created in an effort to enhance safety, security and community living in the residence halls of Fairleigh Dickinson University. Hall security assistants are responsible for staffing the front desks of the Lindens and Northpointe residence halls when classes are in session. All guests of the residence halls are required to abide by the procedures set forth in the Guest and Visitation Policy. The department of public safety oversees the HSA program and is responsible for ensuring the security of all the Univer-

sity buildings, property and facilities; ensuring the safety of the faculty, staff, students and guests of the University; enforcing campus parking and traffic regulations; and maintaining close cooperation with local law enforcement agencies and fire and first-aid crews. The department of public safety supports the residence life staff in the enforcement of campus standards and development and presentation of materials and programs regarding crime prevention and personal safety. The department of public safety supplies information to the University community as required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

Students are reminded that they share in the responsibility for the security of their rooms and the buildings in which they live. Students are encouraged to refrain from propping doors or allowing individuals who seek entry to “piggyback” (allow others to enter the building without using their own entry card). If any student encounters vandalism or suspicious or threatening behavior, or has a concern that his or her right to privacy is not being upheld, he or she should contact the director of residence life or the director of public safety.

Students are advised to be security conscious and to work toward community awareness in this area. Students are expected to be cooperative with residence life staff, public safety personnel and other campus administrators involved with the safety of the residence halls. Normal precautions, such as the following, are suggested: room, suite and exterior doors should be locked upon departure; strangers should not be admitted; and personal items of value should be kept in a safe place. If you observe individuals who do not belong in the residence halls, contact the department of public safety immediately. **The department of public safety can be reached at 201-692-2222.**

## Florham Campus

The Office of Campus Life works closely with the department of public safety to provide a safe and secure residence hall community. Most residence halls are locked on a 24-hour basis. In addition, there are security cameras installed at residence hall entrances. Some public areas such as Twombly Lounge also have security cameras.

Students are reminded that they share in the responsibility for the security of their rooms and the building in which they live. If any student encounters vandalism, suspicious or threatening behavior or has a concern that his or her right of privacy is not being upheld, he/she should contact public safety and/or the Office of Campus Life. The best security is often one that the student provides. Propping open an exterior door of a residence hall is a serious breach of security and will not be tolerated. Students are advised to be security conscious and to work toward community awareness in this area. Students must cooperate with University staff involved with the safety of the residence halls. Normal precautions, such as: room, suite, apartment and exterior doors and windows should be locked upon departure; strangers should not be admitted; and personal items of value should be kept in a safe place. If students observe individuals who do not belong in the residence halls, contact the department of public safety immediately.

## Intersession Policy

Residence hall charges and occupancy are based on a 15-week semester, as established in the academic calendar. This period excludes all scheduled break periods, including win-

ter and spring breaks. Students who have academic internships, are employed on campus, are registered for classes, are in selective academic programs and are required to remain in the residence halls, are in allied health, are student teaching, are international students or are athletes required to stay by the University, can live in the residence halls during winter and spring break periods with the approval of the Office of Residence Life. **There is a separate application required and an additional cost to remain in the residence halls during all scheduled break periods.** These rates will be available prior to each break period. Students may be moved to different locations during these break periods. The Dining Hall may not be open during these periods. Intersession policy does not apply to residents of Linden 6 (Metropolitan Campus) and designated Village hall (Florham Campus).

## ID Access Cards and Mailbox Access

The exterior doors of the residence halls as well as student rooms utilize a card-access system, which allows students to use their ID cards to gain access. Residents must carry their ID cards at all times. Students share in the responsibility of a safe community. Students should ensure their own room/suite/apartment doors are locked. The propping of doors and vandalism of locks or card readers places the entire community at risk and should be reported immediately.

1. All residents gain access to their building, suite (Lindens on Metropolitan Campus) and room via their FDU ID cards. Upon officially checking into the residence halls, residents are issued a mailbox key/code for their mailbox.
2. Any resident leaving the University or residence halls prior to the end of the contract period must surrender his/her ID access card to the appropriate residence life staff person when vacating the room. Residents who lose or fail to return their ID access card when checking out will be automatically assessed a charge of not less than \$25 for the ID access card.
3. ID access cards may not be loaned, borrowed or used by anyone other than the resident to whom they are assigned.
4. Lost ID access cards should be reported immediately to the department of public safety. A replacement fee is payable at the department of public safety.

## Laundry

Washers and dryers are available in the residence halls for resident use at no additional charge. Laundry-room facilities are intended for the sole use of current resident students only. No linen service is provided. Machine malfunctions should be reported to the resident assistant or to the Office of Residence Life. **Only liquid detergent may be used.**

## Liability

The University does not assume responsibility for the residents' or other persons' loss of money or valuables or for loss of, or damage to, personal property for any reason. Additionally, residents are responsible for securing their living areas. This includes locking doors and windows when students leave their rooms to ensure that their personal property and that of their roommates and the University is protected. Resi-

dents will be held accountable for damages and vandalism, which occur in their living areas.

## Lockouts

In the event of a lockout, students should always contact the department of public safety (**not a resident assistant**) at (201) 692-2222 at the Metropolitan Campus or (973) 443-8888 at the Florham Campus. Students must currently be assigned to the space. For this reason, it is imperative for students to carry their FDU ID card. Students will be charged a lockout fee, billed to their accounts, for each lockout performed. Students must provide a current ID and currently be assigned to the space. Note: Students may have to wait if public safety is otherwise occupied. For this reason, it is imperative for students to carry their keys at all times. Once a public safety officer or residence life staff member is dispatched to perform the lockout, the resident will need to provide proof of identification.

## Mail Services

Each resident is assigned a mailbox and issued a mailbox combination number upon officially checking into the residence halls. **All resident students on the Metropolitan Campus are required to have a mailbox.**

The mailroom is located in the lower level of the Student Union Building (Metropolitan Campus) and in the lower level of Hennessy Hall (Florham Campus). The mailroom is open Monday through Friday, from 11 a.m. to 3 p.m. Packages can be picked up during these hours. All mail is generally placed in resident mailboxes by noon of each business day. At the end of each academic year or if you vacate your room before the end of the contract period, you are responsible for completing a Change of Address Form. Change of Address Forms are available in the Office of Residence Life, mailroom or can be downloaded at [www.fdu.edu/reslifemetro](http://www.fdu.edu/reslifemetro).

## Meal Plans

All students living in the residence halls are required to participate in the University's meal plan with the exception of graduate students. Reductions and/or exemptions to the meal-plan requirement can be made for medical, religious or academic (internships, allied health practicum or student teaching) reasons only when supported by documentation acceptable to the University. Students wishing to apply for reduction or exemption to the Meal Plan requirement must fill out either a Meal Plan Change Request or a Meal Plan Reduction by the start of the first day of class through the Office of Residence Life (Metropolitan Campus) and the Dean of Students Office (Florham Campus). Forms can be obtained through the Office of Residence Life.

## Property Insurance

In the event of fire, theft, vandalism, smoke, water or accidental damage, all residents are strongly advised to have some form of property insurance for their belongings, especially if they have expensive electronic equipment. The University does not assume responsibility for damage or loss of a resident's or other person's belongings. In some cases, a parent's homeowner's insurance policy may cover a student's belongings while living in the residence halls. Students may also purchase insurance from an outside agency that specializes in

providing personal property insurance plans to University students.

## Quiet Hours and Courtesy Hours

**Quiet hours** (8 p.m. to 10 a.m. daily) are designated to support an environment that is conducive to learning. Residents have the right to sleep and study in their rooms at any time without interference from those around them. During quiet hours, sound must not be audible beyond the limits of any individual room, hallway or lounge.

**Courtesy hours** are in effect when quiet hours are not. During courtesy hours, music, voices or noise should not be disruptive to the community. Residents are expected to comply immediately with the requests of others to lessen or eliminate noise. Residents are expected to demonstrate courtesy and consideration toward others at all times.

**During final examination periods, 24-hour quiet hours will be in effect.**

In mediating noise-related conflicts between residents, the staff gives top priority to the activities of study and sleep. Violation of quiet or courtesy hours will result in disciplinary action and/or a fine.

## Refrigerators

Refrigerators up 4.4 cubic feet are permitted in any residence hall unless designated otherwise by the Office of Residence Life. Only one unit is permitted in each residence hall room (either a personal refrigerator **or** a rented microfridge).

## Rights of Roommates

The rights of residents must be respected at all times. This includes, but is not limited to:

- a. Respect of property,
- b. Noise level,
- c. Asking for and receiving permission for a nonresident of that room to visit that room,
- d. Individual privacy
- e. The right to request that a roommate/suitemate contract be completed and
- f. Health concerns.

In situations where roommates are unable or unwilling to resolve conflicts, it is the prerogative of the Office of Residence Life to relocate one or more residents to other available residence hall spaces. This alternative is considered when it appears that one of the roommates is an aggressive party and the person being harassed refuses to pursue a referral to the Office of Residence Life, or when both roommates are violating the other's rights.

## Roommate Contracts

All resident students at **Florham Campus** will be required to participate in a Roommate Contract process at the beginning of the contract period. On **Metropolitan Campus**, all first-year freshman students will be required to participate in a Roommate Contract process at the beginning of the contract period. Roommate Contracts are recommended for returning students. The Roommate Contract is intended to help each roommate set priorities and begin establishing open communication in their new "home." It also allows individuals to ex-

press their needs in maintaining a positive living environment. If problems arise, this Roommate Contract will be used as a tool for resolution. If you believe that your rights as a roommate or suitemate have been compromised, please discuss your concerns in an appropriate manner with your roommate(s) and/or suitemate(s). Should additional assistance be required, contact your resident assistant. Professional staff members are available if the initial mediation is unsuccessful.

## Room Changes

Fairleigh Dickinson University maintains a philosophy that students need to learn how to live with one another in a residential environment. This may be difficult at times due to individual differences among roommates. The residence hall staff has been trained to deal effectively with roommate conflicts. The Office of Residence Life strives to create diverse communities within the residence halls when conducting room assignments. Returning students have the opportunity to select their rooms and roommates in the room-selection process during the previous spring semester. For new students, the Office of Residence Life takes into consideration all requests listed on their Online Housing Application and makes every attempt to honor the student's request(s), but these requests are not guaranteed. If an application for housing is submitted late, options may be limited and students are therefore assigned a room based on space availability. All requests listed on an Online Housing Application are taken into consideration. As such, students living together may not be a perfect match. Even when all requests are met, student lives change and what started out as a perfect match in August may become a mismatch by October. When this happens, it is vital that both students talk with each other about the problems they are experiencing. Residence life staff can offer some suggestions for addressing the issue(s) with your roommate on your own.

## Room-change Requests

Requested room changes are not considered during the first three weeks of classes (Metropolitan Campus) and during the first two weeks of classes (Florham Campus). This period is crucial in tracking students who actually move in and cancellations. Room-change requests during the fourth week (Metropolitan Campus) and third week (Florham Campus) of class are only permitted if deemed necessary by the Office of Residence Life. The student may not move to another room unless permission to do so has been granted by the Office of Residence Life. Since changing rooms usually involves more than just one individual, students are strongly urged to try to resolve their differences before requesting a room change.

## Unauthorized (Illegal) Room Changes

Unauthorized room changes are defined as those room changes that occur without prior authorization from the Office of Residence Life. Due to the administrative needs of the University and emergencies that may arise, it is essential that an accurate housing roster be maintained. If proper procedures are not followed, this may be construed as an unauthorized room change, and the students will be assessed, at minimum, a \$200 fine and will have to return to their original rooms. Students will be responsible for any damages found in the room where the unauthorized/illegal room

change occurred. Students who are found in violation of this policy and involved in an unauthorized/illegal room change will forfeit their right of selection and will be assigned a new room through the Office of Residence Life.

## Room Consolidation

Any student who does not have a roommate may be consolidated. Consequently, some students may be reassigned. Where possible, the reassignments will be done within the same floor and building, but this cannot be guaranteed. The only time students in half-empty rooms, with the exception of freshmen housed in the Lindens, have the option to purchase their rooms as super-singles is before consolidation.

The Office of Residence Life reserves the right to change a student's room during the course of a semester, if deemed necessary. If during the course of the semester, one student moves out of a room, the student remaining in the room may be required to accept a roommate or be assigned to another room. If a situation occurs such that there is no student to place in a partially occupied room, the occupant will be charged the normal room rate only.

## Room Inspections

A room inspection is a visual assessment of a residence hall room conducted by University officials or representatives from outside agencies such as the fire inspector. While any University employee may be authorized, staff members in residence life, including resident assistants, public safety and campus facilities are primarily responsible for completing an inspection. During an inspection, it is required to physically check all University furnishings, including testing the fire detection/suppression equipment. Moving a resident's personal belongings may be necessary if the belongings impede the inspection process. If a staff member discovers, in plain view, any item prohibited by the University, they are authorized to confiscate the item. Written documentation of this action will be left. Afterward, students are required to contact the Office of Residence Life to discuss the matter. Confiscated items become property of the University and will be discarded or, when possible, donated to a local charity. It is not necessary for a resident to be present during the inspection.

The University reserves the right to enter and inspect rooms and/or conduct health and safety inspections for the purpose of:

1. Checking for violations of University policy as well as federal, state and local laws.
2. Maintaining sanitary standards that protect the safety, health and well-being of all residents.
3. Ensuring that University property is being properly maintained, completing repairs and fulfilling custodial responsibilities.
4. Conducting health and safety inspections.
5. Ensuring against fire hazards and other conditions which may place the resident or community in danger, potential harm or reasonable apprehension of harm.
6. Dealing with emergency situations, including assisting police, fire or emergency personnel.
7. Addressing a problem in a room/areas where the occupants are not present and/or cannot be contacted but has created a situation which disrupts other students living in the community (alarm clock, stereo, etc.).

Preferably, two staff members will conduct regularly scheduled inspections to assess the physical condition of a room and its contents, and also determine if health, safety and conduct standards are being maintained.

Fire detection/suppression equipment may also be tested.

The University reserves the right to have the items removed at the expense of the resident(s).

## Room Searches

A room search is an extensive physical examination of the fixtures, furnishings and personal property including, but not limited to, desks/dresser drawers, closets, refrigerators as well as any adjoining room such as a living room, kitchen, bathroom or bedroom. Only the department of public safety is authorized to conduct a room search. On occasion, a residence life professional staff member may be present as a witness only.

Prior to a search, public safety will make a reasonable attempt to contact and inform the occupants of the reason for the search and offer them the opportunity to voluntarily produce items or materials sought. While students may be present, they are not permitted to interfere or stop a search and are expected to comply with any reasonable request from a University official, including having to empty their pockets, purse, knapsack, etc. While a warrant is not required, the decision to conduct a search will be based on the determination of "reasonable cause." This is defined as sufficient facts and/or circumstances, which warrant a reasonable person to believe beyond mere suspicion that an alleged violation has occurred. Illegal items, including those prohibited by the University, will be confiscated and/or immediately destroyed. Depending on the item confiscated, it may also be turned over to local law enforcement agencies for criminal prosecution. Confiscated items may be retained as evidence for either a University hearing or criminal proceeding. It is at the discretion of the director of public safety whether a confiscated item is returned to the student.

## Single Rooms

Single rooms, when available, may be purchased on a priority basis according to the established costs. Priority will be given based on the date of the request, as well as extenuating personal and medical circumstances. Those individuals purchasing (buying out) rooms as super-singles will be required to maintain all the furniture in the room. The University does not and will not remove any of the additional furnishings. Students who have not purchased their room as a single must have the room prepared to accept a roommate. This means that the bed, desk, dresser and closet cannot be used. Freshmen residing in the Lindens are not eligible to request a single room.

## Smoking

Due to health concerns and as per New Jersey state law, that states that the right of the nonsmoker to breathe clean air supersedes the right of the smoker to smoke, all residence halls are designated as smoke-free. Smoking of any kind in student rooms and public areas such as hallways, stairwells, laundry rooms, lounges and lobbies is prohibited. Students may not smoke in a 50-foot radius of any residence hall. Smoking devices, including but not limited to electronic smoking de-

vices, pipes, bonges and/or hookahs are not permitted in the residence halls or on campus.

## Residence Hall Community Code

All Fairleigh Dickinson University students possess certain rights and privileges together with corresponding duties and responsibilities. Every student is entitled to freedom of action as a necessary expression of scholarly activities. The student is responsible for maintaining standards of conduct that do not interfere with the rights of others or with the effective functioning of the University as a center of inquiry and learning.

The University, through its University and residential disciplinary system recognizes that all students, in addition to being members of the University community, also belong to our society at large. The Residence Hall Community Code and the University Code of Conduct are in no manner, stated or implied, intended to protect or shield students from their responsibilities under local, state and federal law. The University reserves the right to refer any student who violates any federal, state or local law to our judicial system, regardless of whether the alleged violation took place on or off University property. The University reserves the right to refer any cases that do not fall under the jurisdiction of the code to the appropriate authorities.

The establishment, interpretation and enforcement of the Residence Hall Community Code are designed to assist each student, as a member of the University community, in realizing educational goals and providing an environment in which every student may achieve his or her highest potential. As a community member, students have many rights. Along with those rights come inherent responsibilities. These responsibilities include knowledge, understanding and acceptance of the policies and the enforcement of these policies. Therefore if students are participating in an act that violates our community standards, or observe others disregarding any community standard, you are expected to make responsible decisions and take action considered appropriate for the particular situation or incident. All violations of the Residence Hall and University Community Standards will be handled through either a board hearing or administrative action. When students violate a community standard, they are expected to accept responsibility and the consequences resulting from their actions. Each action taken because of a Residence Hall Community Code or University Code of Conduct standard violation will be assigned with consideration to the circumstances of the situation.

## Additional Wroxton College Residence Hall Regulations

### Fire

A. The danger of fire in the Abbey cannot be overemphasized. It is important therefore that everyone familiarizes themselves with the following procedures:

1. Always ensure that the IN/OUT card is turned in when entering or leaving the Abbey, which, except in an emergency, is done by the front door.
2. Know the fire exits.

3. On hearing the alarm signal, leave by the nearest available exit and assemble in the courtyard in front of the Carriage House. In such an emergency, if a student leaves by the front door, he/she **should not** turn in his/her IN/OUT card. This is the only exception to #1 above.

4. Remain in front of the Carriage House until instructed otherwise by a staff member.

**B. Strict adherence to the NO SMOKING policy must be observed.**

The College operates a complete “No Smoking” policy within the Abbey and the Carriage House buildings.

The College is wired for an automatic smoke-detection alarm to increase safety.

Individuals are advised to have a small pocket-sized, battery-powered flashlight to use in the event of a power failure.

**Candles, lanterns, heaters, electric blankets, irons and cooking appliances must not be used within the Abbey and the Carriage House buildings.**

**C. Fire extinguishers must not be used in jest — lives may depend on them.**

**Any abuse of fire extinguishers or smoke-detection equipment will be treated as a serious offense by the College.**

D. The fire alarm system and external emergency lighting are tested briefly every Friday at noon. Ignore this alarm unless it persists — if it does, it is more than a test and individuals **MUST** evacuate the building.

### Safety

A. Students can be required by College staff to produce photographic identification.

B. The College will not condone any violation of United Kingdom or United States law. Students suspected to be in violation of UK or United States law, including being in possession of/using any illegal substance, will be subject to discipline by the College, and the appropriate authorities in both the UK and United States may be informed. Such behavior could result in dismissal from the College.

C. The College does not and will not condone any disruptive and/or antisocial behavior resulting from the consumption of alcohol. Such behavior could result in dismissal from the College.

D. Bathing in any of the lakes on the Abbey grounds is extremely unsafe and therefore is **strictly prohibited**.

E. For safety reasons, students are **not** allowed onto the Abbey roof (except in an emergency to use the fire escapes).

F. Under no circumstances are pets to be kept on the premises.

G. Students/guests are not permitted to light bonfires within the College grounds.

H. Articles of value may be kept in security envelopes in the safe in Reception.
