FDU AGREES TO SERVE AS SCHOOL OF RECORD FOR SUMMER 2018

To Whom It May Concern:

As the Vice Provost of Academic and International Affairs at Fairleigh Dickinson University, this letter is to verify that Fairleigh Dickinson University is School of Record for the g- MEO 2018 Summer International School Program to be held in its entirety on the Huaxi Campus of Sichuan University.

As the School of Record for this program, Fairleigh Dickinson University will generate an official transcript for all students who enroll and complete courses in this program. Those students will receive an official transcript containing credits earned during the program from Fairleigh Dickinson University. The official transcript will contain an official Fairleigh Dickinson University stamp for verification of authenticity. In so doing, Fairleigh Dickinson University endures that all courses offered during the 2018 g-MEO summer program are US accredited courses with US university codes.

With two international campuses, and more than one hundred international partnerships, Fairleigh Dickinson University is honored to be working with the g- MEO Summer International School Program for the second straight year. To learn more about Fairleigh Dickinson University, please visit our web site: <http://www.fdu.edu>

Sincerely,

Jason Scorza

Vice Provost for Academic and International Affairs  
Fairleigh Dickinson University
