

Dear Student,

The Student Health Services staff welcomes you to the University and we offer our support in any way possible during your study at Fairleigh Dickinson University. If you have special needs or require assistance with a medical problem, please do not hesitate to contact us before your arrival.

Enclosed you will find the required health forms and immunization requirements (5 pages), or they can be found on our website www.fdu.edu (search for Student Health Services, click on Florham Campus, go to Requirements and Forms to download). **(A)** Please complete the Student Profile, Medical History, and Meningitis Response Form yourself. **(B)** Your health professional will need to complete the Physical Examination and the Immunization Record forms.

Please understand that you will not be permitted to register for class or reside in FDU housing until the health forms and immunization records are completed and received. Completed health forms are due:

- July 15 for Fall
- December 1 for Spring
- April 15 for Summer

NOTE: If you are a non-matriculating student, in a certificate program, or are a conference participant, you are **exempt** from these requirements.

- **We strongly recommend that you keep a copy of your immunization records.** Medical records are strictly confidential and are used exclusively by the Student Health Service to provide personalized care. Immunization records are an exception and are not confidential since your immunization status must be made available to state inspectors and select University offices in order to comply with New Jersey state law.

Please forward your original completed Medical forms to the address below:
