

ALTERNATIVE FALL SEMESTER

The **Alternative Fall Semester (AFS)** program aims to provide American universities with an attractive solution to accommodate their matriculated and admitted students who are residing in China, but may not be able to arrive on campus in time to start their Fall semester due to the anticipated difficulties with visas and flights. AFS offers these students for-credit, interactive on-campus courses by accredited American university partners at the Chengdu American Center for Study Abroad as an alternative traditional learning solution.

The Center offers over twenty US college courses in **Humanities and Social Sciences, Business, STEM, and ESL**. All students will receive a US university transcript from G-MEO's school of record, Fairleigh Dickinson University, with the ability to transfer credits earned back to their home institution. Moreover, the team at the Center, with 8 years of student affairs experience, will offer professional support and extracurricular activities to ensure the students have a positive, community-oriented learning and growing experience before they continue their studies at their admitted college campus after Fall.

When	September 14 – December 11, 2020 (Fall Semester)
Location	G-MEO's Chengdu American Center for Study Abroad Address: No.17, Section 3, Ren Min South Road, Huaxi Campus, Sichuan University, Chengdu, China
