A Guide to College Scheduler

Fairleigh Dickinson University provides College Scheduler to all current students at our New Jersey campuses as a tool to plan upcoming semester schedules. After you complete a series of prompts to indicate the desired courses, College Scheduler removes the guess work by searching for sections that fit your requests and avoids course overlap. Once you select one of the schedule options created, you can then print it to take to your academic advising appointment to complete the registration process. **Please keep in mind that this a planning tool and does not register you for courses.**

To get started, log into Webadvisor (drop down menu under Webshortcuts on <u>www.fdu.edu</u>) using your NetID/FDU Webmail address and password.

Once in the Main Menu, click on the "Students" tab.
