## Information about the Middle States Commission on Higher Education

*The Middle States Commission on Higher Education (MSCHE) is a global institutional accreditor recognized since 1952 by the United States Secretary of Education. As an institutional accreditor and member of the regulatory triad, MSCHE assures students and the public of the educational quality for its over 500 institutions of higher education.*

*MSCHE accreditation applies to an institution as a whole rather than the specific programs within an institution. MSCHE does not approve or accredit individual programs. Each institution is regularly and consistently evaluated and monitored in accordance with the Commission's policies and procedures.*

*An institution maintains its accreditation unless it is voluntarily surrendered, whether through institutional closure or otherwise, or it is denied or withdrawn by the Commission. For more information, visit [msche.org](https://www.msche.org).*
