Re: Raritan Valley Community College-Fairleigh Dickinson University Scholars Program (the “Agreement”)

Dear Dr. Bearce:

We are pleased that Fairleigh Dickinson University (“FDU”) and Raritan Valley Community College (“RVCC”) have entered into the Agreement to provide a pathway for students with Associate degrees as they progress toward Bachelor’s and Master’s degrees.

We are writing today to supplement and provide additional information regarding our articulation arrangements under the Agreement.

The Agreement already provides that up to 64 credits taken at your school may be considered for transfer to a B.A., B.S. or combined bachelor’s/master’s program at FDU. To expand upon that provision, please see the attached course equivalencies, which are available for those of your students participating in the Sport Management program.

We hope this information will be useful to you and your students, and we look forward to our continuing collaboration.

Sincerely yours,

Benjamin Rifkin

University Provost and Senior Vice President for Academic Affairs
